Subject: Charrette Presentation (Scott Knudson) January 24 12:30 pm (est.)

Hello BCA Members,

On Thursday January 24, you can view a live stream of the presentation by Scott Knudson to the Montgomery County Planning Board about the Community Design Workshop for Boyds MARC Station (charrette) that was held in Boyds back on September 26 and 29, 2018.

The Planning Board meeting actually starts at 8:30 am, but Scott's presentation is listed as Item 6 on the meeting agenda. It is estimated that Scott will start around 12:30 pm.

Here's the web page for the live stream (video and audio): <http://montgomeryplanningboard.org/meetings/watch-online/>
